

On berth of port of Kotor is the cruise ship Boudicca LOA 205m, BRT 28338 and sails under the flag of Bahamas. On board are 631 passengers and 358 crew members.

Boudicca was the heroic warrior queen of the British Iceni tribe. And the owners like to think their truly British, world class cruise ship lives up to the name.

Up to 880 people can enjoy a cruise on board Boudicca – not the thousands to be found on most ships these days – so there's plenty of space for everyone. And Boudicca is small enough to reach shores many rival cruise ships cannot.

Inside, indulge yourself at the Tintagel and Four Seasons Restaurants. Lounge around on the Lounge Deck, or in one of our two Jacuzzis. Or splash around in one of our three pools. And when the sun's shining, our tasty poolside buffet will hit the spot.
