This morning in the port of Kotor are two ships – Nieuw Amsterdam and MSC Armonia. Nieuw Amsterdam sails under the flag of Holland, GRT is 86700, LOA is 285 and width is 32m. Some pieces reflect the Dutch Golden Age while others, such as the spectacular centerpiece in the atrium, express a contemporary curiosity. Adorning the ceiling of Nieuw Amsterdam is an eye-catching abstract sculpture of the inverted New York skyline made from clear translucent blocks that hang upside-down. The sculpture was created by husband and wife Italian artists Gilbert Lebigre and Corinne Roger of Creazioni Lebigre & Roger. The significant collection, which includes works by celebrated artists Andy Warhol, Richard Estes and Roy Lichtenstein, continues with astounding displays throughout the ship. Onboard are 2135 and 859 crew members.

MSC Armonia sails under the flag of Panam, GRT is 58625, LOA 252m. Onboard are 1777 passengers and 686 crew members.
